

CONDITIONS OF PARTICIPATION

COSTS

Participation is free of charge.

PLACES

The category and discipline you have chosen allows us to allocate the available working place.

The allocation is made by the project management.

If you tell us your chosen image and your favored size and/or you send us a sketch by e-mail and/or inform us about your previous work, e.g. about your homepage, we can better distribute the working places.

Participation is only possible in the assigned places.

The project management assigns the places according to possibilities.

The project management reserves the right to reject images.

The division of the places will be announced at the reporting office.

Please refer to the information provided by the reporting office and the on-site supervisors.

You also have the opportunity to inform us about your wishes under other comments.

REGISTRATION

An online registration and notification at the registration office in the town hall is required for participation. Please note the registration time from 9.00-11.00.

If you register online by 31 May 2020, you will receive a starter package at the registration office. Your working place will be reserved.

If you register online between June 1st and July 15th, a working place will be reserved, but you will not receive a starter package.

If you decide to participate spontaneously, please contact the registration office.

We allocate places according to possibilities. You will not receive a starter package.

If you are prevented from taking part, we urge you to send an early e-mail message or give us a phone call, as your place can be passed on in this case. If you are late, please give us a phone call so that we can continue to reserve your working place.

MATERIAL

With the starter package you get a basic equipment. Please inform yourself on our homepage if additional material and additional equipment is required for your discipline.

It is possible to purchase certain materials at the festival.

PHOTO RIGHTS

By participating, you allow the organizers of URBAN ART to take photos of you and your work and publish them on social media, print media, TV and in the catalogue.

By submitting your registration, you will agree to the terms and conditions of participation.
